BIRD FLIGHT DIVERTERS.

REDUCE OUTAGES ON OVERHEAD LINES DUE TO BIRD STRIKE

- Protects birds from flying to conductors by making the wires visible
- Birds see the orange roundel which moves in the wind and veer away
- BFD can be fitted from the ground with a hotstick and simple tool
- Reflective patch glints in the sun
- Can be attached to any size conductor or ABC
- Does not slip or cause windage
- Proven effectiveness in NZ and Australia
- Durable device which has been in use worldwide for 20 years

BE SEEN TO BE GREEN

Bird diverter securely gripping the conductor
